

AZ99 Oliver Knoll

AZ99, located in Graham County, Arizona, began NTN sampling on August 25, 1981. Philip Madsen, P.E. (pictured below with Heinz in the radio room) has operated AZ99 since 1995. Every Tuesday morning, Philip drives 3 hours round trip to the site in a 4-wheel drive vehicle on a jeep trail. The nearest ranch and power lines are 10 miles from the site.

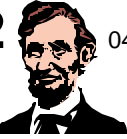

Along with AZ99, Joel Frisch of the USGS supervises CA76, CO00, FL14, ID15, MO03, MO05, NM08, NY65, OH09, and TX56. The site is sponsored by the U.S. Geological Survey (USGS) and operated by the Bureau of Land Management (BLM).
